Comment:

a. The report regarding the occupation of WAREMUNG up to late August 1949 indicates that the WAREMUNG units of the 57th Gds Itz Rifle Div, and presumably also headquarters units of the KALA Gds Itz Rifle Corps, had not yet returned from summer maneuvers, for which they had left the post in early May 1949, according to previous information.

\*\*\* b. The assumption that the mentioned units were holding their maneuvers in the MISSEACH area (Sandel troop training grounds) was corroborated by the statement that Capt. SENGRI, physician from the WAREMUNG Subertus Waserne, has been in Camp MISSEACH since early July 1949.

25X1X

\* d. The information source (B) supplied on WAREMUNG officers in late July 1949 is given credence.

\*\* e. Lt. Col. OSTROUMOFF was Political Officer at a WAREMUNG division headquarters (57th Gds Itz Rifle Div?) according to information supplied by another source in April 1949.

\* f. The other officers (except OSTROUMOFF) were identified for the first time.
